QP CODE: UGH/INT/27/07/26 Roll no.....

MAR AUGUSTHINOSE COLLEGE RAMAPURAM

MGU-BCA (H) INTERNAL EXAMINATION, JULY 2026

MG3CCRBCA200- QUANTITATIVE TECHNIQUES

Time: 1 hr **Third semester** **Max.Mark: 35**

Remember(K), Understand(U), Apply(A), Analyze(An)

Part A

Answer all questions. Each question carries 2 marks

1. What are the essential requisites of a good average? [K] [2]
2. What is an ogive? [K] [2]
3. Write the interrelationship between mean, median and mode. [K] [2]
4. Define Quartile Deviation. [U] [2]
5. What are the merits of arithmetic mean? [U] [2]

(5 X 2 = 10)

Part B

*Answer any **two** questions. Each question carries 5 marks*

6. Explain the concept of mean, median and mode for a discrete data set. Provide a simple example each. [U] [2]
7. Calculate Median from the following data: [A] [2]

Income (Rs.)	120	180	500	250	300	160	350
No.of persons	12	16	2	10	3	15	7

8. Calculate Standard Deviation. [An] [2]

Marks	0-10	10-20	20-30	30-40	40-50	50-60
No.of students	4	10	20	35	15	6

(2 X 5 = 10)

Part C

*Answer any **one** question. Each question carries 15 marks*

9. Find the mean deviation about mean and its coefficient of the following data. **[An][2]**

Marks	0-10	10-20	20-30	30-40	40-50
No.of students	5	8	15	16	6
